Please Note:

- * All riders must provide their current phone number and also a number for their emergency contact, and must carry a MYKI card.
- * N.B. Ride Kms is for a recent ride to that destination. Ride Maps Kms shows an earlier mapped ride on BUG website. Route & distance will vary almost each time a ride is ridden. Route selection depends on many factors such as weather, ride leader's route selection, trailworks or roadworks, group ability and participants' suggestions, etc
- * Where (Train) appears before the destination, we use it to the venue. (Train) after the venue means we use it for the return journey. **However** - train direction may vary depending on the day's wind direction or weather forecast.
- * This is a group activity. Rides are conducted at a pace to suit the general fitness level of those involved.
- * The group may be split for safety and management.
- * Mystery Rides may be new or different rides or a past ride resurrected.
- * Country Rides will take place in May (Yea, 1 day) and October (Foster, 2 days). Contact Gordon B for details: gkbettenay@gmail.com
